

How many ways does the Regional Church impact the life of Congregational living?

- Camp Christian experiences! Camp is the heart of our region and the place most of us call sacred ground. We come together here at all ages, points of life and styles of ministry. We worship, study, pray, play and grow at Camp Christian in life changing ways. Dr Webster prayerfully ministers to continue the ministry of Camp Christian while encouraging growth and change.
- The Regional Staff! Dr. Edwards, Dr. Bynum and Rev. Bentley offer leadership to congregations in times of transition, turmoil and celebration. They pastor our pastors and serve to bring congregations together through their various ministries.
- Region Ministry Teams! These teams strive to bring together congregations from all over the region of Ohio to share in the ministries of transformation, education, stewardship and more. These teams offer opportunities to network and support each other as the Body of Christ beyond our local congregational doors.
- Mission! Ohio Disciple Outreach strives to offer opportunities to gather to serve Jesus in hands on Mission trips to the Gulf Coast and Chile as well as giving opportunities to support ministries through Ohio and the Christian Church (Disciples of Christ) around the world.
- Buckeye Disciple! This long time publication is a prime source for finding out what is going on in Ohio churches and offering ways to connect for ideas and celebration. It reminds us regularly we are part of something bigger than our congregation that is actively striving to serve Jesus in our world.
- Our own congregations! Have you ever realized the impact the ability to be part of something beyond our own worship spaces offers us? We glean from regional activities challenges, ideas and friendships that strengthen us in our ministries in Cincinnati, Cleveland, Chauncey, Perry and all places in between.
